"IT'S WHAT WE DO THAT DEFINES US"
— BATMAN (BATMAN RETURNS)

When user hovers over any video it flips horizontally smooth animation and at the back it shows the PROJECT name BOLD and a button "XPLORE" when clicking the XPLORE button it triggers and go the respected project's portfolio page.

In this section everything is video which is automatically playing in loop.
and everytime when the page refresh, the order of the videos and new videos should be played randomly.

(we can try two options one is 3 X 3 grid and another one is 3 X 4 grid)
