EUCEB Certification
NON Combustable
FM Approvals
24kg upto 120 Kg density/100 mm
Building rolls / Slab
Acoustic board

Weather Sealents

Filling Gaps : Joints seal ,
Preventing the passages of
fluids & Air
Creating a Barrier :
Protective barrier
Maintaining Integrity
Weatherproofing

Puf Insulated Panels

Single fix systems
High Performance Insulation
Exterior Metal skin barrier
Superior Air-Tight Guaranteed
Fire safety
Easy of Application
Fast Completion

Single-component,
single-fix system —
promotes accelerated
build speed

FIREsafe/ FIBERfree
high performance
insulation —

Exterior metal skin
weather barrier —

Interior metal skin
vapour barrier —

Superior airtightness
guaranteed —

Butyl Tapes

Efficient & Reliable protection
against Moisture

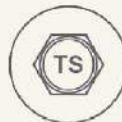

Excellent applicaion for cracks
& weathering

Vibration & Shock absorber

Helps seamless application finish

TATA STEEL

WeAlsoMakeTomorrow

Self Drilling Screws

Brand for quality & Trust -
Roofing application

Offers Grey Russpart (Teflon) Coated

Class 3 specification -
1000 hrs salt spray tested

Comes with High Quality range and
EPDM Washer
